

# SWIFT TENDERS 2.4M - 3.1M

Swift Tenders have a solid and sophisticated feel with their aluminium hull, wide beam and large diameter tubes. Stylish yet practical, they are light, stable, fun to use and are purpose built to travel safely from ship to shore fully loaded. The standard hull is produced from the finest powder coated marine grade aluminium and has a flat floor with welded-in cast lifting & towing lugs. The tube fabric is coated with "ORCA" Hypalon, a synthetic rubber which is resistant to everything from sunlight and abrasion to petrol and even acetone solvent.

Length	Beam	Tube	Chambers	HP	Persons	Load	Weight
LOA	Overall	Diam.	No.	Max	Max	Kgs	Kgs
2.4	1.44	360	3	5	3	340	37
2.6	1.55	400	3	8	4	430	42
2.9	1.55	400	3	10	5	500	45
3.1	1.55	400	3	15	6	550	49

## Features

- Australian made and design for Australian conditions
- ORCA "Hypalon" fabric and quality flush mount valves
- Craftsman built high tensile chromated powder coated Aluminium hull
- Integrated transom supports
- In hull cast lifting and towing points
- Flat floor with non skid matting. Underfloor sump self drain bung (except in Ultralite models)
- Pump, oars, rowing seat repair kit supplied.
- H/D fender fitted to tube.
- Anchor well
