

Marine Radio Systems

Nautical Supplies offer a range of marine radios, including portable handheld radios for contact between stations, or fixed VHF for reliable communication at the helm.

COBHAM

ICOM

Cobham Sailor VHF Range

SAILOR VHF radios are designed to work in the harsh marine environment. Smart features include SAILOR Replay, which automatically stores the previous 240 seconds of communication for recall at the touch of a button - ideal if you missed specific instructions from a call. Feature-rich and rugged, SAILOR VHF's range from a standard workhorse radio through to DSC, GMDSS and ATEX.

ICOM Radios

A marine radio is one of the most important safety tools on board any vessel. Icom's range of VHF and HF marine transceivers offer innovations such as buoyancy, submersible construction, tough military design and AIS receive capabilities. Technical superiority and quality workmanship are the renowned Icom marine radio hallmarks that make boating enthusiasts look no further.

JRC

JRC Radio Equipment

JRC offer a range of radio equipment for marine professionals designed to operate in extreme marine conditions. Contact us about communications requirements for your vessel.
